FARMERS' BULLETIN NO. 326.—BUILDING UP A RUN-DOWN COTTON PLANTATION.

Introduction 5
General conditions in 1905, 1906, and 1907 5
Comparison of the operations with cotton for 1905, 1906, and 1907 6
Comparison of the operations with corn for 1905, 1906, and 1907 10
Leguminous crops 12
Causes of failure in growing legumes 16
Surface drainage 18
Labor and tools 19
Live stock 20
Summary 21

FARMERS' BULLETIN NO. 327.—THE CONSERVATION OF NATURAL RESOURCES.

A story with a moral 5
What we have done with our National resources 6
What we face 8
Waste through piecemeal planning 9
Danger of monopoly 10
A new point of view 11
The problem before us 12

FARMERS' BULLETIN NO. 328.—SILVER FOX FARMING.

Introduction 5
The silver fox 6
History of silver fox breeding 7
Area suited for fox farming 7
Character of location and space required 9
Inclosures and equipment 10
Food 13
Breeding 14
General habits of foxes in confinement 16
Disease 17
Causes of failure 17
Breeding for improved stock 19
Preparation of skins 20
Profits 21
Summary 22

FARMERS' BULLETIN NO. 329.—EXPERIMENT STATION WORK, XLVII.

Low-grade v. high-grade fertilizers 5
Improvement of sandy soils by growing forage crops 6
Dry farming 10
Seed selection 15
Evergreens: Uses and culture 16
Nut growing in Maryland 19
"Hogging off" corn 21
The importance of lime and other mineral matter in feeding stuffs 22
Preparation of miscible oils 26
An automatic cheese press 28
Cane sugar and beet sugar for canning and jelly making 30

FARMERS' BULLETIN NO. 330.—DEER FARMING IN THE UNITED STATES.

Introduction 5
Importance of the deer family 5
The domestication of deer 6
Species to be selected for breeding 7
The wapiti, or Rocky Mountain elk 7
Breeding the Virginia deer 13
Game laws in relation to deer farming 18
Summary 20

Page.

FARMERS' BULLETIN No. 331.—FORAGE CROPS FOR HOGS IN KANSAS AND OKLAHOMA.
Introduction 5
Crops used in Kansas and Oklahoma 6
Pasture crops for different seasons 19
Systems of hog feeding and pasturing 20

FARMERS' BULLETIN No. 332.—NUTS AND THEIR USES AS FOOD.
Introduction 7
Description of nuts 8
The flavor of nuts 11
Composition of nuts 11
Digestibility of nuts 14
Place of nuts in the diet 16
Nuts and nut products for diabetics 18
Nut butters and nut milk 18
Nut pastes and nut preserves 20
Nut flours and meals 21
Nut candies 23
Nut coffees 23
Green nuts 24
Nut oils and oil-cake meals 24
Pecuniary economy of nuts 25
Handling and marketing nuts 26
Summary 28

FARMERS' BULLETIN No. 333.—COTTON WILT.
Introduction 5
Geographical distribution of wilt 6
Amount of loss from wilt 7
Description of wilt 7
Resistance to wilt 13
Root-knot in relation to wilt 18
Breeding methods 22
Methods of distributing seed 24

FARMERS' BULLETIN No. 334.—EXPERIMENT STATION WORK, XLVIII.
Plant breeding on the farm 5
Sorghum for silage 9
Dry rot of corn 11
Manufacture of starch from sweet potatoes 12
Profits from tomato growing 14
The keeping of apples 17
Vitality of weed seeds in manure 18
Weed seeds in feeding stuffs 18
Forage crops for pigs 20
Market classes and grades of horses and mules 22
Profitable and unprofitable cows 25
Blackhead in turkeys 27
Extraction of beeswax 29
An improved hog cot 31

FARMERS' BULLETIN No. 335.—HARMFUL AND BENEFICIAL MAMMALS OF THE ARID INTERIOR.
Introduction 5
Ground squirrels 6
Chipmunks 9
Meadow mice 10
Muskrat 12
Short-tailed grasshopper mouse 13
White-footed mice 14
Harvest mice 15
House mouse 16
Common or brown rat 17
Wood rats 17
Pocket gophers 18
Pocket mice 21
Kangaroo mouse 21

Page.

FARMERS' BULLETIN No. 335—Continued.
Kangaroo rats 22
Rabbits 24
Bobcat 26
Desert fox 27
Coyote 27
Skunks 28
Badger 29
Weasels 30
Mink 30
Otter 30
Bats 31

FARMERS' BULLETIN No. 336.—GAME LAWS FOR 1908.
Introduction 5
Legislation of 1908 6
Close seasons 12
Shipment of game 27
Sale 36
Limits 43
Licenses for hunting and shipping game 46

FARMERS' BULLETIN No. 337.—CROPPING SYSTEMS FOR NEW ENGLAND DAIRY FARMS.
Introduction 7
Cropping systems described 8
Conclusions 19
General recommendations 22

FARMERS' BULLETIN No. 338.—MACADAM ROADS.
Introduction 5
Dimensions of the macadam surface 5
Stone for macadam roads 6
Tools and machinery 8
Labor and teams 10
Earthwork 11
Drainage 13
Shaping the subgrade 16
The courses of macadam 17
The roadsides 21
The cost of macadam surfaces 22
Maintenance 25
Appendix 28

FARMERS' BULLETIN No. 339.—ALFALFA.
History and present distribution of alfalfa 5
Description of alfalfa 7
Adaptability of alfalfa to various conditions 7
Requirements for securing and maintaining a stand of alfalfa 8
Utilization of alfalfa 22
Feeding value of alfalfa 28
Alfalfa in mixtures for pasture 31
Winter grain in alfalfa fields 31
Effect of alfalfa on the land 32
Adaptability of alfalfa to rotations 32
Alfalfa in long rotations 33
Alfalfa in short rotations 33
Getting rid of a stand of alfalfa 35
Seed production of alfalfa 35
Alfalfa varieties 37
Enemies of alfalfa 38
Special instructions for growing alfalfa, arranged by sections of the United States 42
Some alfalfa don'ts 48

FARMERS' BULLETIN No. 340.—DECLARATION OF GOVERNORS FOR CONSERVATION OF NATURAL RESOURCES.
Introduction 5
Declaration of governors 6

Page.

FARMERS' BULLETIN NO. 341.—THE BASKET WILLOW.
Introduction ... 7
Distribution and characteristics of the willow ... 8
The present culture of willows in America ... 10
Suggested improvements in culture ... 18
Expenditure and returns in American willow culture ... 27
Systems of peeling compared ... 31
Field experiments of the Forest Service ... 32
Willows for growing in America ... 33
Manufacture of willow ware in the United States ... 35
Summary statement ... 42

FARMERS' BULLETIN NO. 342.—EXPERIMENT STATION WORK, XLIX.
Conservation of soil resources ... 5
Potato breeding ... 10
Disk-harrowing alfalfa ... 14
The Montreal muskmelon industry ... 16
Storage of Hubbard squash ... 18
Fig culture in the South ... 19
Pure culture in mushroom growing ... 26
Preserving wild mushrooms ... 27
Cooking beans and other vegetables ... 29
A model kitchen ... 30

FARMERS' BULLETIN NO. 343.—THE CULTIVATION OF TOBACCO IN KENTUCKY AND TENNESSEE.
Introduction ... 5
The plant bed for tobacco ... 7
Selection of soil for the crop ... 12
Time to break the ground ... 14
Fertilizers ... 15
Preparation of the soil ... 16
Topping ... 18
Methods of combating insect pests ... 19
Selection of seed plants ... 20
Harvesting ... 21
Curing ... 23
Stripping and grading ... 26
Marketing ... 26

FARMERS' BULLETIN NO. 344.—THE BOLL-WEEVIL PROBLEM.
Introductory ... 5
Damage ... 6
Prospects ... 8
Work upon which this bulletin is based ... 9
Description and life history ... 10
Hibernation ... 13
How nature assists in destroying the boll weevil ... 15
Dissemination ... 16
Means of control ... 18
Summary ... 45
Special treatment of small areas ... 46

FARMERS' BULLETIN NO. 345.—SOME COMMON DISINFECTANTS.
Introduction ... 5
Formaldehyde ... 5
Carbolic acid (phenol) ... 8
Crude carbolic acid ... 9
Cresol ... 9
Chlorinated lime (chlorid of lime) ... 11
Bichlorid of mercury ... 11

FARMERS' BULLETIN NO. 346.—THE COMPUTATION OF RATIONS FOR FARM ANIMALS BY THE USE OF ENERGY VALUES.
General principles ... 5
Components of the animal body ... 5
Components of feeding stuffs ... 6
The animal body as a machine ... 9
Feed requirements ... 16
The computation of rations ... 21

Page.

FARMERS' BULLETIN No. 347.—THE REPAIR OF FARM EQUIPMENT.

Introduction 3
Tools adapted to repair work on the farm 5
Shop facilities for repair work 26
Materials required for general repair work 28
Suggestions 32

FARMERS' BULLETIN No. 348.—BACTERIA IN MILK.

Milk—its composition and characteristics 7
Bacteria—their nature 7
Relation of temperature to growth of bacteria 10
Sources of bacteria in milk 11
Flavors in milk 13
Souring of milk 14
Sweet curdling and digestion 15
Bitter milk 17
Ropy or stringy milk 18
Miscellaneous fermentations 19
Disease-producing bacteria in milk 20
The handling and care of milk 21

FARMERS' BULLETIN No. 349.—THE DAIRY INDUSTRY IN THE SOUTH.

Southern markets for dairy products 7
The milk supply of Southern cities 17
Why dairying is undeveloped in the South 29

FARMERS' BULLETIN No. 350.—THE DEHORNING OF CATTLE.

Simple method of restraining the animals 7
Where to cut the horns 8
Instruments for dehorning 8
Treatment after dehorning 10
Is dehorning cruel? 11
Dehorning on the range 11
To prevent horns growing on young calves 13
